

### Welcoming you very soon!

Our whole team can't wait to welcome you to ÀNI Dominican Republic, and for you to discover the beauty of

our country. We wanted to share some pre-arrival information:

#### Arrivals/Immigration

Upon arrival at the airport and exiting the plane you will be greeted by a Servair/FBO representative. The greeter

will be standing right outside the plane's exit, while their agents perform the baggage claim, you are going to be

led into the customs area where the immigrations process happens. Once the process ends, the agents will

escort you toward the VIP Lounge and introduce you to the ÀNI Representative.

Our representative/driver will greet you and escort you directly to your private transfer, once on board you will

have at your disposal a cooler with soft drinks and a Wi-Fi router which will be available under the password

(itsallyours). During the trip to ÀNI Dominican Republic, you will enjoy the landscape and your first contact with

the Dominican culture.
